CargoMaster C400

The specialist to transport heavy vending machines

With the CargoMaster it is possible to transport loads up to 400 kg **SINGLE-HANDEDLY** which makes it your reliable partner.

It does not matter whether the load has to be transported upstairs, downstairs or on level ground. Even the loading and unloading of goods into vehicles or onto shelves is possible without great effort, due to the attached lift.

The center of gravity of the load can be adjusted optimally by lifting or lowering the fork, which is electrically adjustable. This facilitates going upstairs or downstairs as well as pushing on level ground dramatically.

Advantages that convince

- Safe transportation of heavy goods up to 400 kg
- Integrated lift / Forklift to load and unload heavy objects easily up to transport vehicles
- * **MAINTAINENCE FREE**
- Can be used as a stacker
- Portable & Lightweight 74kg
- Electrically adjustable loading fork to adjust the center of gravity

Standard version

Toe plate version

400kg

Intelligent Accessories

The climbing mechanism of the C400 provides a safe transport of goods on virtually all stairs inside and outside. The safety brakes stop automatically at each edge of a step.

The battery pack, which can be charged via the quick charger, provides increased efficiency.

*But we recommend purchasing a second battery pack.

One battery charge is sufficient for 8 – 15 floors, depending on the load.

By Professionals For Professionals

For all situations of transportation

Item number	C400			
Support bow for high goods				104075
Back wall with felt cover				104074
Adjustable grips (extra charge)				104002
Tilting aid				104063
Support for load fork extension (75 cm)				104005
Extension of the fork load (75 cm, extra charge)				104091
Support for round containers				104057
Auxiliary stairs	Steps	3 steps	4 steps	5 steps
	Regular support	100017	100018	100126
	Extended support	100325	100326	100522
Heavy duty auxiliary stairs	Extended support	104089	104004	104118

Adjustable grips

Support for round containers

Auxiliary stairs made of steel for a load up to 350 kg or the heavy duty auxiliary stairs up to 500 kg

Thanks to these stairs you can comfortably load and unload your transporter, trailer, or transportation vehicle. Boot sills between 480mm – 900mm in height are possible. If your vehicle has a tow-bar you need the auxiliary stairs with an extended support.

Support for load fork

Tilting aid

Support bow for high goods

Back wall with felt cover

The delivery package of the C400 includes

-C400 with attached lift

-Lashing strap

-Battery pack

-12V / 24V charger

Special accessories make the C400 an ideal partner in virtually all situations of transportation
